

DMS Maintenance – Auto Refinishing & Heavy Towing

DMS Austruck Auto Refinishing provides a reliable and professional smash repair service with specialist skills heavy smash repairs, fibreglass repairs, truck refurbishments, chassis straightening and restorations.

DMS Austruck Heavy Towing & Salvage, an extension of DMS Austruck services, is a 24hour, full comprehensive accident breakdown service. Our B double rated Class 4 recovery unit is equipped with the latest first-aid and safety equipment, phone, radio and computer facilities linked to digital imaging. Our salvage vehicle has the capacity to tow road trains and other heavy vehicles up to 84 tonnes.

Services and capabilities include:-

DMS Austruck commenced its operations into heavy truck repairs in May 2003 going from strength to strength with our quality and professionalism and rapid turnaround of your vehicle. "As our team does understand that your vehicle is your living." DMS also offers you as our valued client the opportunity to visit our premises or contact any of our friendly team for an update on your vehicle.

DMS also offers a full and professional salvage and towing service with no job too big. Our team takes pride in their profession insuring that there is no further damage subjected to your vehicle while in the process of recovery and Salvage also offers a full 24hr breakdown service.

The salvage service is manned by qualified operators and salvage coordinators and includes traveling to the breakdown / accident scene, securing the vehicle and its load and ensuring the driver is looked after and no further damage is made to the vehicle before salvage and towing. The owner of the vehicle has the option of having it repaired by the team at DMS or having the vehicle towed to an elected destination.
