

DMS Products – TY Solid Tyres

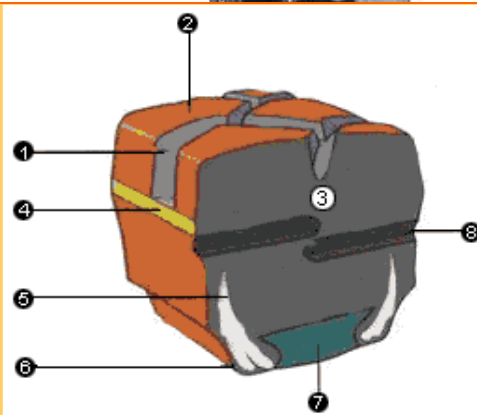

DMS is the East Coast Distributor of the TY (Tong Yong) Solid Cushion Tyre, specifically for the coal mining industry.

Through years of innovation and investment in state of the art technology, TY revolutionized many manufacturing process to create a tyre line that will solve all the traditional drawback of tyres used in the mining industry with our Unique Side-Wall Aperture Structure solid tires.

This innovative design allows our tyre to offer the following features:

- *Durable
- *Reliable
- *Superior Cushioning Ride
- *Better Shock Absorption = Machine
- *Stability
- *High Deflation Rate
- *Longer Ride
- *No Blow Out Or Puncture = Less Down Time
